Raffle:

Bruce Netherty once again put together a great variety of tool, equipotent and other items for our Christmas raffle. Thanks for all the great work Bruce!

Another year has come and gone. We had some fine demonstrators both paid and members show us new skills and ideas.

Our January meeting will be held on January 12th at the Walden School on Westport Road. The featured turner will be Robin Costelle.

Topic: So you got a burl for Christmas and don't know what to do with it?

Robin will discuss how to analyze the shape of the burl to maximize the various pieces to be turned from it. The burl he will be using is a cottonwood burl. Time permitting, he will turn something from one of the pieces.

We hope you all had a happy holiday season and we will see you all in the new year!
